

STYLE STATION™ PRO

Wall-Mounting Instructions

1. Tape the template (see page 2) to the wall in the desired hanging location. Be sure template is level.
2. Mark the position of the drill holes (⊕). Use 1/4" drill bit.
3. Drill pilot holes. If you are mounting on drywall or plasterboard the holes should accommodate the anchors.
4. Remove template from the wall and insert anchors into the holes.

5. Using at least 2" long screws, insert leaving about 1" protruding from the wall.
6. Place the Style Station™ PRO on the screws, being sure to register the outermost sections of the cord wraps over the screws (as shown in the template).
