End Joint

Horizontal Shelf

Vertical Shelf

**Read all of the instructions carefully and follow them step by step.
For successful assembly, lay all of the pieces where they can be easily seen and reached.
Assembly should be carried out horizontally- shelf row by shelf row.**

1

Place the Joints into the holes of the Horizontal Shelves.
Repeat this step for all Horizontal Shelves required for the desired length and height of the unit.

Place Universal Joints at the top holes of all Horizontal Shelves except in the top row.

Place Universal Joints in the bottom front holes of all Horizontal Shelves.

Place Foot Joints at the rear bottom holes of the lowest row.
Place Universal Joints for mid and upper rows in rear and front holes. (The rear side is identified by a slot) See page 4 Fig 6

2

Insert the Horizontal Shelves into the Feet

3

Assemble left and right Add-on Elements .

Place Foot Joint in the bottom rear holes and Universal Joint in the bottom front holes of the lowest row. Place Universal Joints in the rear and front bottom holes of the mid rows. No Joints are required for top rows. See page 4 Fig. 6
